LOCAL COOKIE FIRM

BURD COOKIE COMPANY IS RAPIDLY BUILDING UP A GOOD BUSINESS

One of the recent additions to the manufactures of Glendale is the Burd Cookie company at the corner of Glendale avenue and Third street. This company is really part of another establishment that is to be founded on Sixteenth street in Los Angeles. The Glendale establishment is under the control of Mr. George D. Salisbury, who is an experienced baker and a specialist in the manufacture of cookies of all kinds.

While the Glendale establishment does a very large business it does not include in its territory Glendale itself, as its territory is chiefly in the beach towns where it does an enormous business every day. This arrangement is likely to be changed soon and the Glendale manufactory will sell to Glendale.

The Burd Cookie company manufactures cookies in the good old home style. All materials used in manufacturing these cookies are the same as would be used in home baking. No ammonia is used as is the custom with some ambitious firms that put out a large looking cookie that is simply blown up like a bubble and does not weigh one fraction of an ounce more than does the Burd home-made cookie.

The bake shop is fitted up in the most modern manner. Its flour sifters and sugar sifters sift a ton at a time. The ovens are all covered with asbestos several inches thick and look as clean as a new pin. Its mixers are run by electricity. All material used is of the best quality. The milk is supplied by the McMullin dairy; only fresh ranch eggs are used. The best sugar and spices go to make one of the most palatable productions of this kind found anywhere.

Cookies, sugar cookies, ginger wafers, ginger cookies and vanilla cookies are the special products of this up-to-date establishment. There is a large and growing demand for this article of consumption all over Southern California. Meantime the Burd company finds its business growing daily in the Los Angeles district, notwithstanding the strong competition.

The Burd company supplies its retailers with large and handsome glass jars for holding its output, without charge. In every way possible, Mr. Salisbury is building up a first-rate business. He aims at gaining public confidence by the use of nothing but first-class material. He uses no ammonia, no oleomargarine, and his cookies are hand made, not turned out by machine. Indeed the kind of dough he makes cannot be handled in machines; it is too substantial and does not partake of the nature of the airy substance that is turned out by some mechanical establishments.

In every way a firm like this is deserving of strong support. Fortunately for himself Mr. Salisbury has sufficient capital to be independent of the vicissitudes of business. He works on a cash basis, but for all that it would be well for Glendale to assist such a firm by its countenance and what patronage it can throw in its way as it is one of those firms that are likely ultimately to add to the permanence and wealth of the city.

WAR PICTURES FREE

In view of the interest that is centered around the Dardanelles at the present moment the stereoscopic pictures of scenes in the straits and in Constantinople, to be exhibited tonight at the Congregational church at 7:45, should attract an immense audience. The Dardanelles, strongly held by the Turks and Germans and as strongly assaulted by the British, is probably the key to the war situation.

The entertainment tonight will be free of charge. The pictures will show the buildings, cities, bridges, mosques, etc., that are so famous in history. The famous Mohammedan mosque, which was once the Christian cathedral of St. Sophia, the sultan's old mosque and his magnificent new one, the forts, the people and other objects of interest will be shown and described.

MAKE REPORT TONIGHT

Appointed by the president of the Glendale Chamber of Commerce as chairman of a committee to be named by myself to report upon the condition of the Verdugo wash within the limits of Glendale and to make suggestions as to the steps necessary to be taken to guard against future overflows I have decided to name the entire membership of the Glendale Chamber of Commerce to serve with me on that committee and I ask them to be prepared to report at the meeting this evening.

JOHN R. BARROWS.

TRUE TO CALIFORNIA

J. H. WELLS, MID FLORIDA'S CHARMS, WONDERS WHY HE EVER LEFT GLENDALE

After travel in far places and ample experience of the charms of other states and of the much-vaunted Florida, J. H. Wells, a former resident of Glendale, declares that he and his people wonder why they were ever so foolish as to leave California. There were naturally substantial reasons for the change.

Mr. Wells, who is well known in Glendale, left in 1911 for Detroit, Mich., to take a position with the Board of Commerce there. He remained with that organization, one of the largest in the country, for a year. In 1912 his father, mother and sister left Glendale to reside with him during the summer. Mr. Wells, Sr., went to a reunion of the Confederate battery, to which he had been attached, and the others went down the St. Lawrence to Quebec and returned down the Hudson to New York City, where the family was reunited.

Leaving his family to go on to the Bermuda Islands, Mr. Wells, Jr., returned to Detroit to join the Warren Motor company. Thence for a needed recuperation of health he went to a cousin's farm for a month, returning to Detroit to join the post office service and then to Bermuda to join his parents March, 1913.

Returning to New York the travelers went through the historic sections of Massachusetts and Rhode Island. Thence Mr. Wells and his father went to Florida and after examining various chances in Georgia and Florida bought 35 acres on the National highway and Dixie highway, which runs from Montreal and Chicago to Miami, Fla.

The ranch is 20 miles west of Jacksonville, near Baldwin, an important railway junction, with fine transportation and train service. Taking the raw, cut-over weed land they cleared and stumped about 24 acres. The rest of the land is used as a range for Berkshire hogs.

Mr. Wells' father, mother and sister spent the winter of 1913-14 in Jacksonville, Fla., and his mother and sister went to Europe last summer where they had some interesting experiences on account of the war. They are now in Baldwin, Fla., looking after the ranch while the young Mr. Wells is taking a well-earned vacation to see the expositions. When he returns his people will go to Carolina to avoid the Florida heat.

Mr. Wells is cultivating pecan nuts on his Florida ranch as his principal crop. The trees will begin bearing in about five years. The nuts bring high prices. Meantime he manages to pay running expenses by growing oranges, grapefruit, figs, corn, sweet potatoes, cowpeas, oats, vetch, clover, watermelons, cabbage and other crops between the trees. In the midst of all this activity Mr. Wells and his people long for the pleasant climate of Southern California, with its culture and other amenities.

OVERSTAYED HIS FURLOUGH

Private Joseph Marror, Troop I, First United States Cavalry, was found last night at Cedar and Broadway, in a state of intoxication. Marror is an old soldier of excellent record. He recently obtained a furlough and came to Los Angeles with \$500 of his savings. In a short time the old soldier fell into bad hands and got into a state of drunkenness, lost his money and finally wandered into Glendale to be confined in the local jail. This morning on a requisition signed by Lieutenant Colonel W. Purriance, U. S. A., the soldier was delivered up to the military authorities.

W. C. T. U. PICNIC

The annual picnic of the Woman's Christian Temperance Union will be held in the beautiful shady grounds at the home of Mr. and Mrs. W. E. Hartley, 104 Verdugo road, two blocks north of the Eagle Rock carline, July 30. Dinner will be served at 12:30. Bring cup, fork, spoon and your lunch. A short program and a general good time will be enjoyed. The county president, Mrs. Phelps, will be with us for a short address. All our friends are invited to enjoy this day with us. Everybody welcome.

CHANGE OF BALL GAME HOUR

It has been found impossible to carry out the arrangements for holding the ball game between Casa Verdugo and Glendale High School Playground baseball teams at the hour settled for Saturday morning. Therefore the game will take place Saturday morning at 9 o'clock on the High School grounds.

CENSUS SHOWS 7544

ENUMERATION OF CITY POPULATION COMPLETED WITHOUT A HITCH

Working on a basis similar to that laid down for the taking of the United States census, by which every person found in the city between certain dates was counted as resident here, while no enumeration was made of those absent, the enumerators completed their work Tuesday. The work of enumeration went on easily and without a hitch. Nobody refused to give the information asked, though it may be doubted if some persons, male as well as female, are as young as they stated. That, however, is their own business. Here and there a mother of 35 is found with a daughter of nineteen, but again that is not outside the bounds of possibility.

The total count amounts to 7544. The city is divided into four districts by intersecting lines drawn through Broadway and Louise. District No. 1, which runs far out into the Verdugo canyon, was enumerated by Mrs. Nichols. This was the district that was most widely spread. It contained quite a few Mexicans and a number of Italians. The houses are widely scattered, so naturally it was the last district to be finished and when counted showed 1944 residents. District No. 2, which was enumerated by Sam P. Stoddard, showed 1959; district No. 3, counted by William Thomson, gave returns of 1888 and district No. 4, counted by P. A. C. Moore, returned 1763. The total is 7544.

It is interesting to note that the census taken by F. Wilkinson, for the Glendale directory, revised to March, 1915, gives the total inhabitants as 7931. It has been stated that this was an estimate, but Mr. Wilkinson says that it was an actual count. He spent four months on it, going back again and again to find his parties, and to this day he retains the actual lists showing the families enumerated.

Just at present a great number of families are away at the beaches and back east and though the visiting strangers were enumerated it may be doubted if their numbers would make up for those who are absent.

For all practical purposes, however, this census is pretty near the figure and will serve in any case for whatever legal proceedings may be taken at any future time. The enumerators were received with universal courtesy. Mr. Stoddard completed his district on Friday evening, Mr. Moore and Mr. Thomson on Saturday morning; Mrs. Nichols, who had the most widely scattered district, had to go back on Monday morning to pick up those who were out when she called first.

In almost every case the enumerators found people contented and satisfied with civic conditions, loyal to Glendale and desirous to be permitted to live in peace without the harassments of the big city. The agreeable conditions found in Glendale were the constant theme of the residents when they had anything to say beyond the routine answers and questions.

SUNFLOWER LUNCHEON

Looking at other enumerations of the city we find that in 1900 the city had only 2742 inhabitants, while the special census of 1912 showed 5510. So that 1915 with its record of 7544 marks a considerable advance.

With the sunflower, emblematic of Kansas, everywhere, a large party of happy guests sat down to a unique and charming luncheon at the home of Mrs. W. R. Alexander, 322 Blanche avenue, Tropic, yesterday afternoon. The entertainment was given in honor of Mrs. Norma Pierson, Mrs. Alexander's sister, and was made the occasion of the announcement of her engagement to Mr. A. A. Atkinson of Labette, Kas.

The decorations were sunflowers. La Moyne Pierson, daughter of the bride-to-be, and Mildred Moody were the serving girls. They were appropriately dressed in yellow crepe with sunflower hats.

The favors were sunflowers with grasshoppers attached, and on the wings of the grasshoppers were the announcements. Even the ice cream showed the sunflower scheme, being yellow with brown centers. The afternoon was delightfully passed away with needlework and games.

Mrs. Pierson, who is a capable and experienced nurse, has made many friends during her four years sojourn in Tropic and a large number of friends were present at the luncheon from Long Beach, San Gabriel, Pasadena, San Pedro, Hollywood, Tropic and Glendale. The wedding will take place toward the end of August.

WHERE NATURE IS KIND

FLOURISHING CITY OF BURBANK CENTER OF FINE AGRICULTURAL SCENE

As if the genius of the man from whom it is named had touched every industry and activity in the city Burbank, the flourishing center of agricultural life which lies at the base of the Verdugo foothills, a few miles from Glendale, is today a prosperous and progressive community. Lying farther up the slope of the hills than does Glendale, from the upper part of the town a magnificent view of the valley is obtained. Viewed at night this is a striking scene. The lights of Glendale show its fine proportions; Lankershim and Van Nuys shine conspicuously and the lights of Sherman Way wind along in the distance like a street of gold.

It would be difficult to imagine a finer situation than that which Burbank holds. All round is a rich agricultural country, where alfalfa yields abundantly; where fields of cantaloupes spread on every side; where cattle and hogs grow into fine condition; where cultivation has doubled the output of the rich soil and where the life of the farmer is somewhat pleasant with its sure returns. Fine roads are everywhere and add largely to the amenities of agricultural life. Every now and then auto trucks are met laden with magnificent melons or potatoes or some other produce on their way to Los Angeles, where a staple market awaits them.

All this rich farming district is tributary to Burbank and the bustle created by the farmers has gradually built up a modern city by the foothills. The Southern Pacific puts the busy little town in touch with the larger centers and the Pacific Electric gives it another valuable connection.

Burbank itself has every mark of progress and wealth. It is admirably laid out. Church buildings of a good kind mark the reliable character of the people. A large and commodious common school and a splendid high school building, where everything that can contribute to thorough training is to be had, stamp the city at once as intellectual and progressive.

Looking at the substantial character of the stores on the main street one does not need to ask if Burbank is flourishing. Here everything is modern and up-to-date. Large, handsome stores, scrupulously immaculate and with tastefully arranged interiors, betoken the modern storekeeper with his advanced ideas.

On the handsome streets that stretch up toward the foothills, where the air is beautifully pure and strong in ozone, many fine houses and tasteful bungalows testify to the prosperity of their inhabitants and to their good taste. On every side indeed are evidences that in Burbank California has a cultured, clever, prosperous community, with a most attractive future.

MICHIGAN VISITORS

Mr. and Mrs. Walter Buchanan of Detroit, Mich., are having a delightful time in Southern California. They are dividing their visit between their sister, Mrs. E. C. Williamson, 628 N. Louise street, Glendale, and Mrs. E. B. Clay, 260 West 41st street, Los Angeles.

The charms of Southern California have completely won Mr. Buchanan. "Ah, it is delightful," he said yesterday evening as the cool breezes direct from the mountains, not fifteen miles away, played around the auto he was about to enter for a 20 or 30 mile trip in the soft southern moonlight over roads that are unsurpassed in the world. "There is nothing like it anywhere," he continued.

"But, Walter, I suffered with the heat today as much if not more than I ever do in Detroit. You know Detroit is a beautiful city," answered Mrs. Buchanan, trying hard to be true to her city in the east. "Yes, but we do not have the delightfully cool nights in Detroit that I find here."

"Now you know that Detroit is a beautiful city. Of course the roads are fine here and the delights of automobiling cannot be told, hardly, but you must remember Detroit, Walter."

Mrs. Buchanan is past worthy matron of the Metropolitan Daylight chapter, No. 394, of the Order of Eastern Star, Detroit, Mich., going out of office last April. She has the distinction of making her advancement up to the highest office of her chapter in three years. This was made possible by her inborn intelligence, perceptive study and vacancies in chairs which she alone could fill. With just pride she displays the beautiful jewel received from her chapter last April. The Glen Eyrle chapter of Glendale is missing a treat in not meeting Mrs. Buchanan.

NEW GAME PRESERVE

CHANGE IN GAME LAW IN ANGELES FOREST OF INTEREST TO LOCAL HUNTERS

Glendale sportsmen will be interested in knowing the bounds of the new game preserve established in the Angeles National forest by the legislature last winter. The preserve touches the Pacoima watershed at the extreme upper end—taking in Mount Gleason, but nothing west of that point. The Big Tejunja, however, is included, and the upper end of Gold creek that branches from the Little Tejunja. Eastward, the pressure runs clear to Telegraph Peak, which is still east of Mount Baldy. The north line runs approximately east from Mount Gleason.

In this great section hunting of any kind is prohibited except in the case of predatory animals—and they cannot be hunted without a special permit from the state fish and game commission. In other words, no shooting of any game will be allowed in all that great territory.

As a consequence, the deer, bear, squirrels, quail and other animals and birds should rapidly increase, and—if the preserve is maintained long enough—this should result in a fine field for hunters when it is again thrown open—if ever.

The new game laws—which go into effect on August 10—make a large number of changes in the regulations for hunting.

The state is divided into twenty-nine districts instead of six. However, a large number of these districts are small areas of water for the purpose of regulating the fishing, and others are small game preserves, and a perusal of the new laws indicates that there will not be any more different seasons for deer than there have been.

The season for Los Angeles county will open the first of September under the new law.

Formerly it opened the 15th of August. It will be for the full month of September hereafter, instead of from August 15th to September 15th. District No. 4, which embraces most of Los Angeles county, also includes San Bernardino, Imperial, Riverside, Orange, San Diego, Santa Barbara and Ventura counties, but in most of these counties there are smaller districts which are game preserves or made with a view to some local condition and are excepted from the larger district, so it is difficult to describe the various districts of land.

An innovation this year in deer hunting is the provision that the hunter may secure leather tags to attach to the hide of his deer. These tags, when once attached, are to show that the deer was legally killed, and such a hide may be shipped or may be sold. As the law is understood a deer hide may not be sold without such a tag attached.

The tags are to be obtained from every justice of the peace or county clerk, and no one may have more than two each year. To get them will require an affidavit of the applicant that he lawfully killed the deer to the hide of which he wishes to attach the tag.

With the tag attached, the hide may be shipped anywhere in the state between the first of August and the 31st of December. The fee for these tags is twenty-five cents for each affidavit—for one or two tags. There are other minor changes in the game laws, but as yet they have not been compiled so as to be available.

BURBANK DAIRIES

Few people realize the importance of the dairy industry to this locality. Within a short distance of the center of Burbank there are no less than fourteen dairies.

These dairies furnish a ready market for much of the bountiful crop of alfalfa which is grown in our valley and give employment to many laborers. Their product finds a ready market in Glendale, Hollywood, Tropic, Eagle Rock and North Los Angeles, and to meet the ever-increasing demand the value and number of dairy farms is constantly increasing.

In company with the proprietor of the MacMullin Sanitary dairy of made a short visit to two of these dairies, Monday, and was both pleased and astonished at what we saw and learned, and it is our intention at some time in the near future to give our readers a full account of this valuable industry, showing the name of each owner, number of cows kept and other interesting statistics.

Saturday several persons were killed by heat in New York. Many New Yorkers decline to visit Southern California in summer for fear of the high temperature.

MISSIONARY PICNIC

MISS HELEN SMITH, HOME FROM CHINA, TALKS OF WORK ON FOREIGN FIELDS

The Woman's Missionary society of the First Presbyterian church held their annual picnic and all-day meeting at La Ramada on Tuesday, July 20, and had a most delightful day. Miss Helen Smith of SooChow, China, their representative on the foreign field, was present and added greatly to the joy of the day by her winning personality and her most interesting talk regarding her work in SooChow. If one ever doubted that the joys and the rewards of the work in foreign fields more than overbalanced any sacrifices and burdens connected with it they have only to see and listen to Miss Smith to be convinced that this is true. She brought with her many interesting things peculiar to the use of the Chinese in dress and household work, such as wood carvings, beautiful embroidery, lacquer work, articles of wearing apparel, etc.

The morning session was in charge of Mrs. Preston and her little officers of the Light Bearers, a band of children under 12 years of age. The president, Miss Helen Hesse, led the meeting and read the report of the secretary, Miss Kathleen Campbell, who is out of town. Very pretty recitations and songs were given by Walter Kinneman, Ruth Head, Mable and Edna Prendeville and Ruth Van Kolken. Miss Smith told the children about the bright little Chinese children whom she teaches and many interesting things about them.

The hospitality committee with Mrs. L. W. Sinclair as hostess served a fine picnic lunch at noon. With perfect California weather, beautiful grounds and surroundings and a large attendance of enthusiastic members the society felt much gratified with the results of the all-day meeting.

PRETTY HOME WEDDING

Miss Violette Ruby Roberts of La Canada and Mr. Reginald Morgan of Tropic were married Tuesday evening, July 20, at the home of Mr. and Mrs. William Morgan, 255 E. Ninth St., Glendale.

The home was elaborately decorated in blue and white with an arch trimmed in Wisteria with blue and white ribbons under which the bridal party stood during the ceremony. The bride wore a dainty white crepe de chine and oriental lace gown with a veil of rare English white chiffon embroidered with pink silk roses. She carried an arm bouquet of Cecil Brunner roses.

Miss Jennie Morgan, sister of the groom, was bridesmaid and wore a charming gown of white and pale blue crepe de chine trimmed with forget-me-nots and carried an arm bouquet of carnations. Mr. Milton Morgan, brother of the groom, was best man.

Mrs. Gordon Wallace of Alhambra, an intimate friend of the family, played the wedding march as the bridal party entered the room and took their places beneath the bower where Rev. C. O. Johnston, pastor of the South Park Baptist church of Los Angeles, performed the ceremony.

Mr. and Mrs. Morgan were the recipients of many useful and beautiful wedding gifts. They left on a short wedding trip after which they will be at home at the Morgan dairy farm in Tropic.

MUSICAL RECITAL

Master Emmet Croy, pupil of Mrs. Harry Gibbs, assisted by Mrs. Louis Sherman, pupil of Mrs. Norma Rockhold Robbins, gave a most enjoyable musical recital Friday afternoon at the residence of Mrs. Sherman, First street. The program consisted of the following numbers:

1. (a) Minuet, by Paderewski; (b) Rigoletto, setting by Spindler; (c) Madrigal, by Lack—Master Emmet Croy.

2. (a) Little Damozel, by Novelle; (b) My Soul Shall Sing, by Roy Lamont Smith—Mrs. Louis Sherman.

3. (a) Fifth Nocturne, by Leybach; (b) Gondolieri, by Nevin—Master Emmet Croy.

4. Buena Notta, by Nevin—Mrs. Sherman and Master Croy.

At the close of the program refreshments were served and a delightful afternoon came to a close.

MOTORED FROM OCEAN TO OCEAN

Mr. F. M. Clotworthy of Baltimore, Maryland, spent yesterday at the home of his sister, Mrs. Joseph Renshaw, 1462 Lomita avenue. Mr. Clotworthy with several friends made the trip from Baltimore to California in his auto and will make the return trip in the same way.

HANDLING MUNITIONS STRIKERS

The United States, Germany and Britain are in the throes of serious strikes in their respective munitions factories. In the case of the United States the matter is not one of vital significance to this country, though it may have a marked effect on the fortunes of war in the case of the allies. In the case of Germany, strange to say, the strike has occurred in the famous Krupp factory. In Britain the strikers are in the coal district of Wales and also in the munitions factories.

At the bottom of all this discontent is the feeling that while the men are being worked harder than ever, they are not getting that compensation for their labor to which they think they are entitled, while the proprietors of the factories are reaping an enormous harvest from the necessities of the war.

It is curious to mark how differently the three countries deal with these cases. The United States lets the men and their masters fight the matter out themselves and unless the workers should use violence or be accused of an intention to do so, no kind of state or federal interference will be employed. In Britain the government is using every persuasive argument to get the men back to work and to induce the employers to make terms.

In Scotland a workman convicted of trying to intimidate his fellow workmen to strike was sent to jail for a term and fined. The magistrate said: "If you had been in Germany and had been found guilty of such reprehensible conduct in the hour of your country's necessity, you would have been taken out, set up against a wall, and promptly shot. I wish I could deal with you in that fashion."

How true the Scotch magistrate's estimate of German methods was is seen in the report from Berlin which says that the German authorities have told the Krupp workers that they will be summarily dealt with if they don't get back to work and that if any further damage is done to machinery that the troops in the vicinity will march to the factory and shoot them down. Germany is a real military nation. No wonder she is a terror in the field.

SCIENTISTS IN THE WAR

In time of peace scientists have difficulty in convincing governments that they have inventions of value for war. Even in war times it has not been easy for some meritorious inventions to receive recognition or even consideration. Fortunately for this country, those in high places have recognized the necessity for action with regard to national defense and have called in the scientific experts of the land, all of whom, including Edison and Maxim, have cheerfully given their services for the devising of original methods of coast defense and sea attack without asking for reward of any kind.

Britain also has called together a board of experts made up of some of the most famous scientists in the world. Already the wisdom of this plan is being made manifest. It is stated that thousands of devices have been offered this board which finally sifted them down to two and that one of those has been tried successfully in the Dardanelles against submarines.

It is also interesting to read that an American inventor has been prosecuting research on the line of stabilizing airships. This is an old idea and if, as he affirms, it has been discovered, it will prove one that will revolutionize the whole method of warfare and if exclusively in the possession of this country, would give the United States supreme power throughout the world.

THE BURBANK CANNING COMPANY

Burbank has a large number of citizens who have the true push maner of building up the city, but probably no one man has done more for its development and has greater faith in its future than has W. S. Faxon, who has built stores and apartments and is constantly on the watch for new openings and just a little ahead of the times. At present Mr. Faxon is demonstrating that a canning factory can be made to pay. He has installed a small plant in the rear room of his Fourth street building, where we found him and his helpers busily engaged Tuesday completing the last run on apricots. They have put up 1500 gallons of apricots this season, and on Tuesday made a trial run on 500 cans of string beans just to see what they could do in that line and were entirely successful. They are prepared to put up 100,000 gallon cans of peaches commencing to ripen now, and later will put up 200,000 gallon cans of tomatoes. They now employ from eight to ten people.

Mr. Faxon has demonstrated that the cannery can be run at a profit and his plans include one organized on a co-operative basis, in which the fruit and vegetable growers will not only realize good prices for their products, but also receive a share of the profits made by the cannery. The importance of this movement cannot be over-estimated. Burbank now has thousands of acres of fruit trees within and adjacent to its limits, wherein much of the crop goes to waste, and the balance brings but small returns. Other thousands of acres await the growth of vegetables for canning, soil and water conditions being unexcelled. Work will then be given to large numbers of people who will be attracted here by

the demand and will substantially increase our population.

Mr. C. A. Rornig of Verdugo avenue, who is bookkeeper for the Bonner Canning Co. of Lankershim, informs us that they canned 375 tons of apricots there this year, and that their labor pay roll has run up into thousands of dollars.

Now is the time to get busy and prepare for next year. From what we hear of the way fruit has gone to waste in Glendale it would probably be easy to induce our sister city to take a hand. Now don't all speak at once, but give Mr. Paxson the glad hand and assure him of your hearty support of the Burbank Co-operative Canning Factory.

RAPID POLICE WORK

Glendale's police department was successful in carrying out a very rapid piece of work this morning in the arrest of a gipsy woman accused of having hypnotized Ed Kinser into giving her \$4.00. Whether it was hypnotism or sleight of hand work is not very clear. The one thing that appeared certain was that \$4 had vanished as swiftly as if they had the proverbial Biblical wings attached to them.

Ed Kinser, proprietor of Ed's Cash market, was induced to permit the gipsy to tell his fortune for ten cents. Whether she told him or not that he was about to lose a sum of money does not appear, but she was in excellent circumstances to tell him anyway. After some exhibition of sleight of hand tricks the money was missing. Chief Herald was called and he and Officer Arrington ran down the gipsy. Sam Domitro of Alhambra, another gipsy, said to be the accused woman's son, returned the sum alleged to have been taken and the affair came to an end. Crime, call and arrest occupied fifteen minutes.

BURBANK

Workmen are erecting scaffolding preparatory to giving the Christian church a fresh coat of paint.

W. H. Schellenger and wife are new residents of Burbank, coming here from Venice, and are located at 84 Cypress street. Mr. Schellenger contemplates engaging in the poultry and rabbit business, and we commend him to our people as worthy of confidence.

Contractor J. H. Huntley has just finished installing a K. T. system of irrigation for T. W. Dean of Providentia and Lake avenues, and also one for Mr. L. D. B. Davidson. Mr. Huntley informed us that the R. T. system, which consists of underground cement pipe lines, with gates and valves, is rapidly displacing the old style, wasteful, open ditch system.

Mrs. J. E. Thrasher and children are spending a couple of week at Seal Beach.

Mrs. Herbert Goldsborough and children of Los Angeles are spending the week with her sister-in-law, Mrs. G. H. Barager.

Mr. G. H. Barager, who is serving as Jurymen in the superior court at Los Angeles, was a member of the jury which tried the libel case of Attorney Joseph Scott against the L. A. Times and which rendered a judgment in favor of Mr. Scott. He tells us that Mr. Scott's plea in his own defense was the most eloquent and convincing argument that he had ever heard.

Kenneth Barager is in San Diego for two weeks, where he has charge of the office of the Dunn's Commercial Agency while the regular manager is taking his annual vacation. This is the second year that Mr. Barager has filled this position.

Mr. Coe has accepted a position with the S. P. R. R. at Ontario, which will necessitate the removal of the family to that point about the first of the month. The good wishes of a host of friends here will follow them to their new home.

Mrs. G. Thompson, who has been the popular saleslady at the Walker Dry Goods Store for so long a time, has resigned her position on account of ill health and will leave soon for a vacation. Miss Ludlow, who has been bookkeeper for the C. E. Davison Hardware Store, takes Mrs. Thompson's vacated position, while Mrs. C. E. Davison herself will have charge of the books at the hardware store for the present.

Burbank's G. A. R. and W. R. C. will participate in the annual picnic at Echo park Friday.

TROPICO

Mr. and Mrs. Homer Skeen of Cody, Neb., are the guests of Mrs. Skeen's uncle and aunt, Mr. and Mrs. Samuel A. Ayres of Central avenue. Mr. and Mrs. Skeen motored from their home city in Nebraska to Tropico, having enjoyed a most delightful overland trip. These interesting visitors will remain several weeks in Southern California and will later visit in San Diego and San Francisco.

Miss Anna Anderson and sister, Miss Elsie Anderson, of Virginia place, left for San Diego this morning, where they will spend a week enjoying the exposition and places of interest.

N. P. Banks Post, Corps and Sons of Veterans of Tropico will hold their annual picnic at Echo Park Friday, July 23. Every member and all visiting members of either of these patriotic organizations is cordially invited to be present. Bring well filled baskets, a good appetite and a merry, happy smile.

Mrs. E. C. Van Court and daughter, Doris Van Court, of Los Angeles, have been visiting at the home of Mrs. Van Court's parents, Dr. and Mrs. W. A. Dutton of Virginia place.

Adj. J. R. Fletcher of Los Angeles spent today at the home of Major J. J. Weiler and daughter, Mrs. Joseph V. Griffin, of West Acacia. Adj. Fletcher has but recently recovered from a severe illness that caused much solicitude among his many friends in Los Angeles as well as in Tropico and Glendale.

Miss Ruth Bullinger of Los Angeles has been visiting her grandparents, Mr. and Mrs. Robert M. Sanders of 121 W. Acacia during the absence of her parents, who were visiting Yosemite valley.

Mr. and Mrs. Herman Goodrich of Central avenue left for San Francisco the first of the week where they will spend ten days "doing" the exposition. Mr. and Mrs. Goodrich's children are visiting their grandparents in Pasadena during the absence of their parents.

William La Fontaine and Joseph V. Griffin have returned from a most delightful motor trip to Coalinga. One of the interesting features of the trip was driving through a barley field twenty-two miles long, the width of which extended for miles on either side.

A Los Angeles woman got a divorce on the ground that her husband ate grass. Perhaps she is not particularly concerned about the high cost of living. In some households a grass-eating husband is considered a boon, especially if he bit the lawn smooth.

NEW SUBSCRIPTIONS COUNT FOR VOTES ON SECOND BIG VOTE OFFER

.....
Second Extra Vote Offer
.....
Here's the second big extra vote offer of the contest. Forty thousand extra votes will be issued on every \$25 worth of new subscriptions to the Evening News or Tri-City Progress turned into the Glendale Evening News office between Saturday, July 17, and Saturday, July 31, at 8 o'clock p.m. All daily subscriptions to count on this offer must be for at least three months, and all subscriptions to the Tri-City Progress must be for one year or longer.

.....
It's time for everyone with a genuine ambition to win one of the splendid prizes offered by The News to strike his or her best pace. There is but little over a week remaining of the second extra vote offer, and if you get out and hustle you can secure the 40,000 extra votes that are issued with every \$25 worth of new subscriptions turned into The News office by Saturday evening, July 31. The first prize, the \$850 Maxwell, may be yours, or the \$400 piano or the trip to the exposition, a \$75 scholarship or the \$50 deposit at the First National bank of Glendale may also be yours.

But the way to convert the "may" to "is" and make the statement read, "The prize is mine," is to profit by the special offers until the end of the contest.
Aim as high in the prize list as you can.

Luckily the president hasn't asked us to be neutral in the baseball war.

A BIGGER (BIGGER) BURBANK

On the suggestion of Mr. Osborne, the popular paint and paper man, the reporter made a trip Tuesday to the Biggar tract, which lies on the south side of the San Fernando road, just a short distance west of the High School building, and there indeed he found ample proof of a bigger (Bigger) Burbank, constantly growing bigger.

This tract, which only a year ago was a melon patch and which was not opened up until after the melon season was over in the fall, has now over a dozen modern bungalows and homes, three being just in the course of completion at the present time.

Of these three, Mr. G. A. Grismer is erecting one facing on Central avenue, which with his own modern home, makes the third he has built here, the other two facing the foothills and San Fernando road being built for homes by a Mr. Emerson and his sister-in-law who are moving here from Long Beach.

Mr. Biggar, who owns the tract, which is known as "Bigger's Burbank Acres," has left nothing undone to make it attractive to purchasers. The city of Burbank owns its own electric plant, but owing to a shortness of funds was unable to cover the new territory, but Mr. Biggar promptly provided the necessary extensions at his own expense, the city to reimburse him later, and his action is justified by the ready sale of the property and its immediate upbuilding and a bigger Burbank.

Peace continues to be an increasingly long felt want.

PERSONALS

Mrs. Freeman Kelly is enjoying a well-earned vacation at Balboa beach.

Mrs. Lenox of Van Nuys is a visitor at the home of Mrs. M. P. Harrison, 245 S. Kenwood, for a day or two.

Miss Vera Holloway of 245 S. Kenwood and her Sunday school class are enjoying a picnic in Verdugo park today.

Mrs. Cable was a guest of Mrs. LeRoy Bosserman, Sunday. The party visited Ocean Park, Santa Monica and Venice.

Mrs. Bennett of Manhattan Place, Los Angeles, gave a theater party last week at which Dr. and Mrs. Colin Cable were guests.

Mr. and Mrs. McPhaul and their daughter, Margaret, of Poulan, Georgia, are visitors at the home of Mrs. C. E. Peck, 848 Pacific avenue.

Mr. and Mrs. C. F. Black are being entertained at dinner tonight by Mrs. Davis, 515 Orange avenue. Mrs. Black is Mrs. Davis' daughter.

Mr. and Mrs. O. F. Black, who are visitors of Mrs. Davis, Orange Grove avenue, go tomorrow to San Diego for a brief visit to the exposition.

Dr. and Mrs. Cable, 755 S. Columbus avenue, and Dr. Chamberlain of Los Angeles were guests of Paul Dennison on an auto trip to Burbank last night.

The Rev. Charles Osgood of Minneapolis, Minn, nephew of Mrs. C. E. Peck, 848 Pacific avenue, visited his aunt yesterday. Mr. Osgood is attending the convention of Disciples in Los Angeles.

Mrs. LeRoy Bosserman and Mrs. Colin Cable attended the concert given by the Salt Lake City Tabernacle choir at Trinity auditorium the other day. The famous choir of 200 voices sang up to its world-wide reputation.

Miss M. W. Weeks of Boston, Mass., spent Monday night with Mrs. and Miss Pollard of 432 South Isabel street. Miss Weeks is employed by the Boston Chamber of Commerce and is spending her vacation in a Raymond-Whitcomb tour of the west.

Howard Walker, wife and son of Kenwood street left Tuesday for San Francisco where they will spend about ten days. They will make the trip overland in auto, taking the inland trip to the Bay City and the coast route on the return. Mr. Walker will make a stopover at Merced, California, where he will look after property interests.

The many Glendale friends of Kenneth Barager, who is a graduate of Glendale Union High school, will be pleased to learn that he has been appointed to a position in the High School at Marshfield, Oregon, and will leave for that place about the first of September. The appointment to such a position speaks most highly for such a young man and we feel assured that it will result most satisfactorily to all concerned.

ANOTHER OIL SUPPLY STATION

Charles T. Shropshire was granted a permit by the board of city trustees Monday evening to install an oil supply station at the northwest corner of the street intersection of Broadway and Glendale avenue, the same to be installed under the direction of J. M. Banker, the building inspector.

FAREWELL DINNER

Mr. and Mrs. L. C. Morris of Los Angeles were entertained at dinner by Miss Hazel Anderson of 320 Cedar street Tuesday evening. Others who came later to spend the evening were Mr. and Mrs. Mason Morris and Mrs. C. R. Norton of Glendale and Mr. and Mrs. C. W. Hillyard of Los Angeles. The gathering was in the nature of a farewell to Mr. Jno. H. Morris, who left on the Salt Lake this morning for his home in Kirksville, Mo.

One dollar spent on the prevention of disease will bring bigger dividends to any town than \$10 spent on relief or cure.

NORTH GLENDALE

Mrs. K. M. Dougall of 1301 Arden avenue was the guest of her mother, Mrs. J. A. King of West Thirty-ninth place, Los Angeles, last Monday.

Miss Idelle Pittman of Redlands, with Miss Merriman, also of Redlands, motored to North Glendale the first of the week, visiting Miss Pittman's parents, Mr. and Mrs. R. F. Pittman of 1001 North Pacific avenue, Sunday and Monday and from there have gone to one of the popular beaches where they will remain at least two weeks.

Mrs. L. M. Lockwood of 707 North Louise street is spending the week in Covina, where she is the house guest of her daughter, Mrs. S. G. Topliff of Lark Ellen avenue.

Mr. Leland Duncan of 1600 Ruth street has returned from a delightful trip to San Francisco where he attended the exposition. Mr. Duncan also visited his grandparents, Mr. and Mrs. John Ellis of Oxnard, on his way back, reporting a fine time.

Mrs. Mary B. Kurtz who for the past year has resided on Dryden street near Columbus, has moved to 918 North Central avenue.

Mrs. Van Decar and sister, Mrs. Will Sunkes, of North Central avenue, leave in a few days for Huntington Beach where they will enjoy a week's outing.

Mrs. J. R. Lockwood of 711 North Louise street and sister, Mrs. K. M. Dougall of 1301 Arden avenue, are spending today in Los Angeles where they are guests of their sister-in-law, Mrs. J. Park Dougall of 3815 Ingraham street.

Miss Cora Hickman, deputy district grand matron, has returned from Van Nuys, where she assisted with the preliminary arrangements relative to the organization of a chapter of the Order of the Eastern Star. The institution of this new chapter will occur some time in September.

Very beautiful and impressive funeral services were held Tuesday afternoon for Mrs. Rebekah J. Close, who passed to her eternal home on Sunday. The services were conducted at the home by Rev. Dr. Julius Soper, pastor of the Casa Verdugo Methodist church. Mrs. R. D. Jones sang very sweetly "The Home Land," and Mrs. C. H. Cunningham rendered in a very feeling way "Asleep in Jesus." Mrs. Close had been an invalid for more than seven years, her wonderful patience and sweet disposition in suffering having endeared her to many. Hers was a beautiful character, and her intense suffering served to bring out the sweetness and nobility of her nature. She was born in Iowa eighty years and one month prior to the date of her death. She also lived in Illinois for a time, later moving to Atlanta, Georgia, which city was her home for a great many years previous to coming to California. She leaves to mourn for her two sons and two daughters, Edward Close of Atlanta, Georgia, Bert Close, Miss Violet and Miss Essie Close of Glendale. Her husband preceded her to the world beyond twenty-five years ago. The members of the family greatly appreciate the many beautiful flowers and the ministrations of so many friends from Pomona, Pasadena and Los Angeles as well as from Glendale.

EAGLE ROCK

Something of unusual interest to all our citizens will be the opportunity of seeing the Ellen Galpin Players in "Little Red Riding Hood" and "Goldilock and the Three Bears" in our own city this week on the evening of July 22, 23 and 24, with a matinee on Saturday at 6:30 o'clock. Recently Miss Galpin and her troupe of well-trained little people gave these two plays before large audiences in Los Angeles and received much praise for their splendid work. The plays will be given under the auspices of the Parent-Teacher association and will be presented in the natural amphitheater at the head of West Eagle avenue.

Little Miss Wilhelmina Koethen of Grand View avenue spent her ninth birthday very pleasantly last week, July 14, by inviting a number of her little lady friends who greatly enjoyed playing games until late in the afternoon when a delicious lunch was served. Of course, as is customary, a pretty birthday cake graced the table and had nine lighted candles on it. Those present were Becky Creswell, Lucille Bessolo, Ruth Chambers, Mary Barbara Taylor, Ruth Mason and Anna May Monroe.

Last Thursday special services were held at the Congregational church at Palms and Rev. Knopf and two delegates, Mr. Colbrim and Mr. Truman, attended.

A. A. House and W. S. Moe, who were quite badly injured in a runaway two weeks ago, are much improved and will probably be able to work next week.

Rev. Kirkes, Mrs. Kirkes and their children, Andrea and Leonard, are enjoying their summer vacation at Camp Baldy where they own a cabin home.

Miss Carol Palmer has returned from San Francisco where she spent her vacation and took in the fair.

"Dreamland" is certainly turning out some excellent entertainment besides the pictures shown and it greatly attracts all, especially the children, a few of whom usually participate in each evening's program. Miss Thelma Stanton, Eagle Rock's girl violinist, has been secured to help furnish the music at Dreamland.

Last Saturday the members and friends of the Presbyterian Sunday school held the annual picnic in Griffith park. A large number attended and greatly enjoyed the day. A large auto truck provided conveyance both ways for the children.

This week, Friday, the Congregational Sunday school will hold its annual picnic in Sycamore grove and it is expected that a large number will attend. An auto truck will be secured for taking all to and from the picnic.

Those from here who attended the Brown and Curry meetings at Huntington Beach were Misses Alice and Esthel Kolbe, Bernice Lawton, Anna and Opol Feaster, Hazel and Flora Winstel, Helen Grant, Mrs. Sanders, Mrs. Robinson and Messrs. Robert Crandall, Elmer Gee and Carol Roberts.

This Saturday, July 24, is the big barbecue at Eagle Rock Park to be given by the Brotherhood society of this place. A big crowd is expected and a big time is promised to all who come. In the evening there will be ukulele and mandolin music.

The librarian is planning to have a party for the children this coming Tuesday, July 27, in the children's section of the library and of course all the "kiddies" are looking forward to it with much pleasure.

ST. MARK'S EPISCOPAL CHURCH

Corner 5th and S. Louise streets. Rev. C. Irving Mills, D. D., rector.

The Sunday school attendance continues to hold good in spite of the hot weather, nearly a hundred scholars being present every Sunday. The church congregations never were better on the average than this summer. The Men's class continues to hold their meetings every Wednesday night with an average attendance of 35 young men. The Woman's auxiliary meets every first Friday and third Thursday in the guild hall at 2:30 P. M. under the presidency of Mrs. W. S. Porter. The Woman's guild will hold but one meeting a month during hot weather, and that will be on the first Wednesday of the month. On Thursday, tomorrow, the 22d of this month, they will give a "rag rug" social in the guild hall at 8 p. m. All women, men and children are invited. The sever of the largest ball will be given a prize. Refreshments of cake and ice cream will be furnished for 15 cents. Do not forget the national meeting of the Brotherhood of St. Andrew which is to be held in Los Angeles August 25-29.

BENEFIT CONCERT

Glendale young people are looking forward to the social event of the season which is scheduled for July 31. This is a promenade concert and dance to be held on the tennis courts at the Richardson home, Central avenue and Riverdale Drive. The Thorp orchestra will furnish music and other preparations are under way to make this a highly enjoyable affair. The proceeds are for the benefit of the Pacific avenue playground fund, a cause which will attract many.

A Wonderful Farming Opportunity

If you are seeking a good ten, twenty or forty acre ranch that will pay you big interest upon your money invested and increase in value right along, where you can have good schools for your children, good markets and all city conveniences, it will pay you to see me quick, as I have unusual inducements and terms to offer a few settlers.
